RENTING SHOP WINDOW

The Deal

Artists can rent the shop window for 1 or 2 weeks @ £25 + vat./week (payable in advance). Though the work does not have to be for sale, any sales made will be basically commission-free. But, if they go through shop till (ie. a card payment or a cheque made out to Right Angle) then a fee of 10% will be charged.

The Space

The shop window is in one of the most prominent positions on Corsham High Street, able to be seen down through the Precinct as well.
Size is aprox. 620mm deep X 2900mm long (nb. We will be keeping a small display of art materials in one corner, but this will not encroach on the above size.) The window is full height starting at 300mm above pavement level, see our website for a picture.
Could be used for paintings, photography, sculpture, ceramics or craft work.
There is also a small wall space within the shop as well, use of this would be by negotiation.
You can view past windows on our website (www.rightanglepictureframing.co.uk).

The Organization

Monday PM to the following Monday AM.
Artist is responsible for setting up their work on Monday afternoon and removing it on Monday morning.
Some easels and plinths are available.

The Bonus

Any framing needed would be at a 15% discount.
